INDEPENDENT AUDITORS' REPORT

Board of Directors Family and Youth Counseling Agency, Inc. Lake Charles, Louisiana

We have audited the accompanying statement of financial position of Family and Youth Counseling Agency, Inc. (a non-profit organization) as of December 31, 2002 and the related statements of activities, cash flows and functional expenses for the year then ended. These financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Family and Youth Counseling Agency, Inc. as of December 31, 2002, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated March 21, 2003 on our consideration of the Agency's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations and contracts. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information on page 25 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and is also not

a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO THE FINANCIAL STATEMENTS December 31, 2002

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Family and Youth Counseling Agency, Inc. (the Agency) is presented to assist in understanding the Agency's financial statements. The financial statements and notes are representations of the Agency's management, who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

1. Nature of Activities

The Family and Youth Counseling Agency, Inc. is a Louisiana not-for-profit corporation that operates under a Board of Directors which appoints an Executive Director and otherwise controls and guides the Agency. The Agency serves as an "umbrella" organization for several family assistance and counseling programs, as follows:

FAMILY SUPPORT

- <u>Professional Counseling</u> A professional team of master's level counselors accepts individuals of all ages, couples, and families for a wide variety of counseling services and state-of-the-art therapies. Sliding-scale fees, special contract arrangements, or managed care services help clients attain improved mental health and individual/family stability through brief consultative service, short-term therapy, or longer-term counseling programs.
- <u>Domestic Violence Intervention</u> Documented, suspected, or escalating violence in domestic settings is the target of the special 26-week intervention program for selected individuals. Trained counselors address the abusive behavior of participants who have a history of selecting coercive, inappropriate communication strategies when interacting with their dependents. Two-hour group meetings on a weekly basis bring together several individuals who have similar goals, making this treatment opportunity an excellent educational/life changing therapy option.
- Mediation Mediation is an alternative, dispute-resolution process through which separated and divorcing parents clarify and negotiate their most painful and difficult parenting disputes. As advocates for healthy, shared parenting, trained mediators accept court-ordered, private, and self-referred parents for this alternative to the competitive-adversarial method of ending custody disputes. The mediation process culminates in a written document, which the legal system recognizes as the official child custody arrangement.
- Parenting The difference between parenting wisely and parenting "hopefully" is appreciated fully when participants become involved in any of the parenting classes, parenting lectures, or parenting focus groups offered on a regular basis. Counselors who not only work with parents and children in their counseling practice, but also appreciate the value of group learning and shared problem-solving, serve as teachers, facilitators, and guest lecturers in this worthy program.

1. Nature of Activities – Continued

• <u>Autism Society</u> – The Autism Society promotes lifelong access and opportunities for persons within the autism spectrum and their families, to be fully included, participating members of their communities through advocacy, public awareness, education, and research related to voluntarism as it develops and fosters family stability.

YOUTH LEADERSHIP

- Youth Leadership Development Designed with the overall goal of minimizing drug use among young people, participants in Teen Leadership will explore leadership principles, success and positive attitude, self-respect and responsibility, the varying dynamics of communication, conflict prevention and negotiation, and much more. Young people are eligible to join groups of twelve who meet for 90 minutes once a week for six weeks and participate in experiential learning opportunities, the first phase of the program. Phase 2 includes the opportunity for community service.
- <u>Learning Circles</u> This program, sensitive to girl's needs, encourages and promotes self-respect and responsibility through leadership skills development. Program participants have a chance to explore gender sensitive issues such as communications, boundaries, roles, confidence and inner strength, diversity, personal potential and more. The impact of the program is a reduction in early parenthood, prevention of drug abuse and decrease in domestic violence, as leaders emerge.
- <u>Teen Center</u> The Teen Center promotes positive social interactions and youth development by addressing current youth issues (substance abuse, violence, health promotion, early parenthood, etc.). The Teen Center promotes and encourages involvement and voluntarism as it develops leadership, social and life skills. The Teen Center is a safe place for youth.
- <u>Leadership Center</u> It is the purpose of The Leadership Center to offer youth a one-stop system of support resulting in open doors of opportunity for young people through leadership development. The right interventions at the right time will give youth the necessary head start and skills enhancement opportunities in the area of education, life skills, social and physical development, emotional intelligence, and employment readiness.

ELDERLY SUPPORT

• <u>Elderly Support Services</u> —Professional counselors provided therapeutic service to older men and women who, with age and decreasing supports, face a growing variety of interpersonal and family concerns. In addition, Counselors provided psychological and emotional support to elderly victims of abuse, neglect, and exploitation who are referred by area law enforcement agencies, other protective agencies, and the community. Due to low participation levels this program was discontinued June 30, 2002.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-(Continued)

1. Nature of Activities - Continued

CHILD ADVOCACY

- Children's Advocacy Sexual abuse of children touches all communities, even Southwest Louisiana. Family and Youth's creation of a child-friendly program, designed to coordinate services to youngsters who report as sexually or severely physically abused, now brings together investigative, medical, and mental health systems in order to properly address this social dysfunction. Professional counseling, linkage with mental health and victim advocacy services, and multi-disciplinary team reviews, provides the necessary foundation for total systematic change a pro-active approach intended to reduce the trauma and incidence of sexual and physical abuse of children in Southwest Louisiana.
- <u>Child Abuse Prevention</u> Professional staff delivers educational presentations intended to prevent child abuse. Businesses, schools, churches, civic groups and others interested in child abuse. Businesses, schools, churches, civic groups and others interested in child abuse prevention programs need only to call and schedule presentations.
- Court Appointed Special Advocates (CASA) Each year, many children in Southwest Louisiana enter into complex social welfare and juvenile court proceedings through no fault of their own. They are victims of abuse, neglect or abandonment. They belong to no one as they sit silently waiting for the courts to decide their future. CASA volunteers work with the judge, attorneys and social workers, as appointed officers of the court. CASAs, after review of records and personal interviews, report their findings to the courts and make recommendations to the judge regarding the best placement for the child.

BUSINESS AND INDUSTRY SUPPORT

- Employee Assistance Program (EAP) Multiple and single behavioral risk factors are identified and treated by employee assistance counselors who consider the impact of personal problems on the workplace. These counselors provide service to business and industry by providing crisis management, assessment and conflict intervention, direct confidential care to employees and their dependents, as well as consultation to management. Business and industries are invited to design contractual agreements that serve the particular behavioral and mental health needs of their organizations.
- <u>Veterans Support Services</u> Authorized for treatment by the Veterans Administration, participants in this counseling readjustment opportunity are combat veterans who continue to experience extraordinary emotional responses to the pressures and stresses of daily life. Group and individual counseling sessions allow the veterans who qualify to address a wide variety of war-related readjustment challenges, thereby diminishing relationship difficulties and increasing overall family stability.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-(Continued)

1. Nature of Activities - Continued

- <u>Consultative Services</u> The use of consultants is an option that business and industry, forprofit and not-for-profit, are using with increasing frequency. A professional team is available to provide clients with credible and hands-on experienced information to minimize barriers and pitfalls in their businesses. In addition, the team can assist in human resource training design, training delivery, and overall management support to maximize employee performance productivity.
- <u>School Consultation</u> Counselors provide schools with on-site and written consultation during the school year, thereby supporting teachers and supervisory staff with professional mental health services. Special student needs are identified and given individual case management and follow-up. Teacher strengths are also documented and encouraged through written evaluations to strengthen the positive overall value of this program that readies young children for success in school.
- <u>Career Assessment</u> People today seek validating information about themselves and about their relationship to the working world, information that will lead them to greater understanding and to better decisions about the course of their lives. With the use of a specially designed interest/personality/aptitude assessment inventory, individuals can validate or explore their career opportunities and then discuss, with their counselor, the next steps towards realizing their optimum place in the world of work.

SUBSTANCE ABUSE PREVENTION

• Drug and alcohol prevention is a program designed to help individuals prone to bring harm to themselves, their families, and to the community-at-large, through excessive use of and or dependence on various types of drugs (including alcohol) and narcotics for mental stimulation and/or relief from pain or stress. Program elements include: psychotherapy, group therapy, and family therapy, as well as consultation and training of support agencies. All treatment will be provided on an outpatient basis.

PROFESSIONAL AND COMMUNITY DEVELOPMENT

• Family and Youth Counseling Agency, Inc. is committed to the development of its board, staff and volunteers as well as the development of professional competencies of those working with children, teenagers, adults, couples, elders, and families. The agency believes that all professionals in the field possess the ability to deliver quality services to the community and will be successful in their work when professional support is available. Family and Youth Counseling Agency coordinates satellite videoconferences, one-day workshops, and the annual Family Focus two-day conference for the human service professional.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2002

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-(Continued)

2. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Basis of Accounting

The financial statements of the Agency have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

4. Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, <u>Financial Statements of Not-for-Profit Organizations</u>. Under SFAS No. 117, the Agency is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

5. Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Agency considers all unrestricted, highly liquid investments with an initial maturity of three months or less to be cash equivalents.

6. Comparative Financial Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the organization's financial statements for the year ended December 31, 2001, from which the summarized information was derived.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2002

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-(Continued)

7. Donated Property and Equipment

Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Agency reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Agency reclassifies temporarily restricted net assets to unrestricted net assets at that time.

8. Donated Services

Donated services are recognized as contributions in accordance with SFAS No. 116, Accounting for Contributions Received and Contributions Made, if the services (a) create or enhance non-financial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Agency. Included in the financial statements are donated services valued at \$14,260 that meet these criteria. Volunteers also provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under SAFS No. 116 were not met.

9. <u>Income Taxes</u>

The Agency is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Agency qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

10. Investments

Investments in marketable equity securities with readily determinable fair values are stated at fair market value. Donated investments are reflected as contributions at their market values at date of receipt. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities.

11. Promises to Give

Unconditional promises to give are recognized as revenues, or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. At December 31, 2002, the unconditional promise to give of \$413,971 was from United Way of Southwest Louisiana. These funds will be received in the year 2003 but are recorded as temporary restricted revenues for the year ended December 31, 2002 in accordance with SFAS 116, Accounting for Contributions Received and Contributions Made.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2002

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-(Continued)

12. Restricted and Unrestricted Revenue Support

Contributions received are recorded as unrestricted, temporarily unrestricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statements of Activities as net assets released from restrictions. In the event that restricted support is received in the same period as the restriction lapses, the Agency follows the practice of reporting the support as unrestricted.

13. Property and Equipment

All acquisitions of property and equipment in excess of \$500 and all expenditures for repairs, maintenance, renewals, and betterment that materially prolong the useful lives of assets are capitalized. Property and equipment are stated at cost. The Agency uses straight-line depreciation.

14. Concentration of Revenue and Support

The majority of the funding for the Agency's programs is provided by the United Way of Southwest Louisiana (30%) and various federal, state, and local grants on a year-by-year basis. In addition, the Agency derives its program fees from the geographic region of Southwest Louisiana encompassing five parishes.

15. Fair Values of Financial Instruments

The Agency has a number of financial instruments, none of which is held for trading purposes. The Agency estimates that the fair value of all financial instruments at December 31, 2002 does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet. The estimated fair value amounts have been determined by the Agency using available market information and appropriate valuation methodologies. Considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value, and, accordingly, the estimates are not necessarily indicative of the amounts that the Agency could realize in a current market exchange.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2002

NOTE B – LONG TERM LIABILITIES

The note payable for the Agency at December 31, 2002 consisted of the following:

The Joe W. and Dorothy Dorsett Brown Foundation New Orleans, Louisiana:

The Agency received a loan from the Brown Foundation in which the Foundation advanced Funds of \$500,000 for the construction of a new facility. The terms of this loan require repayment in annual installments of \$25,000 over a 20 year period with no stated interest. Imputed interest on these advances has not been included in the financial statements inasmuch as there would be no effect on the change in net assets.

Independent Auditors' Report on Compliance and on Internal Control
Over Financial Reporting Based on
an Audit of Financial Statements Performed in Accordance
with Government Auditing Standards

To the Board of Directors
Family and Youth Counseling Agency, Inc.
Lake Charles, Louisiana

We have audited the financial statements of Family and Youth Counseling Agency, Inc. as of and for the year ended December 31, 2002, and have issued our report thereon dated March 21, 2002. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Family and Youth Counseling Agency, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and marginal effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Family and Youth Counseling Agency, Inc.'s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may

occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the management, federal awarding agencies, and pass-through entities, and the Legislative Auditor of the State of Louisiana and is not in tended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements Applicable to Each Major Program And Internal Control Over Compliance In Accordance With OMB Circular A-133

To the Board of Directors Family and Youth Counseling Agency, Inc. Lake Charles, Louisiana

Compliance

We have audited the compliance of the Family and Youth Counseling Agency, Inc. (a nonprofit organization) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2002. The Family and Youth Counseling Agency, Inc.'s major federal programs are identified in the summary of the auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Family and Youth Counseling Agency, Inc.'s management. Our responsibility is to express an opinion on the Family and Youth Counseling Agency, Inc.'s compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Family and Youth Counseling Agency, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Family and Youth Counseling Agency, Inc.'s compliance with those requirements.

In our opinion, the Family and Youth Counseling Agency, Inc. complied in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2002. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 02-1 and 02-2.

Internal Control Over Compliance

The management of Family and Youth Counseling Agency, Inc. is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Family and Youth Counseling Agency, Inc.'s internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures

for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the management, federal awarding agencies, and pass-through entities, and the Legislative Auditor of the State of Louisiana, and is not intended to be and should not be used by anyone other than these specified parties.
